### Officers Seek Information in Buck Deer Poaching Investigation

August 29, 2011

Wasatch County -

On August 25, 2011 Utah Division of Wildlife Resources Conservation Officer Hollie Riddle received information regarding a poached buck mule deer through the UTiP Hotline.

Officer Riddle and Sergeant Paul Davis responded to the scene where they located a large antlered buck deer lying dead in the back yard of a Heber City residence near 500 South Main Street. A necropsy was performed on the carcass and it was determined that the animal had been shot with a rifle. There are no suspects at this time.

Anyone with information regarding the illegal killing of this animal, or any other, is encouraged to contact the UTiP Hotline at 800-662-3337. Rewards are available and requests for confidentiality are respected.

Every year Utah conservation officers conduct numerous investigations into the illegal killing of wildlife. In 2010, officers confirmed 902 illegally killed animals valued at over \$370,000.
